

Avacom Long Range WiFi Extender Panel RP-SMA Male Connector

Installation Guide:

1. Fasten Antenna to the L-shape bracket.
2. Mount the bracket to a 1.25" – 2" diameter pole using U-shape Bolt.
3. Adjust Bracket to the desired angle.
4. Connect Antenna cable to your device.

Please Note:

1. Ensure waterproof connection while using outdoors (by using electric tape, waterproof adhesive etc.).
2. It is recommended to use hand tools rather than power tools to tighten the connection as the connector can be damaged if too much force is applied.
